INSPECTIONS ARE REQUIRED BEFORE COVER-UP AND AT COMPLETION

Required Inspections: It shall be the duty of the holder of this building permit or their duly authorized agent to notify the Building & Safety Department when work is ready for the following required inspections:

- <u>Underground/Rough-In Inspection:</u> All underground piping from wells to house is required to
 be inspected **BEFORE** covering or backfilling. The plumbing code requires that this inspection
 shall have a minimum of a 15 psi test holding for minimum 20-minutes on all pipes from wells
 to house or a code equivalent flow test provided. All new system related or replacement
 equipment must be accessible for inspections.
- <u>Final Inspection:</u> All related equipment and/or system must be up and running and working properly for final inspection verification.
- Inspections should be scheduled and recorded before 5:00 p.m. the day BEFORE the inspection is requested.
- After Hours, Weekend and Holiday Inspections should be scheduled and the appropriate fee must be paid at least two-days before the required inspection date.
- All inspections should be called in at (712) 527-4347
- AM scheduled inspections will be performed from 8:00 a.m. to 12:00 noon.
- PM scheduled inspections will be performed from 12:00 noon to 4:00 p.m.
- Any special requested inspection times will need to be pre-approved by your scheduled Inspector, the day before.
